

Trista & Ryan: Wedding Backlash!

The honeymoon is over for America's sweethearts, **Trista Rehn** and **Ryan Sutter**. Their much-hyped December 10 wedding drew fewer viewers than the recent *Average Joe* and *Bachelor* finales – and ratings actually *dropped* 2 percent during the last half hour (right around the time the couple exchanged vows). Now, a new Jericho Communications report ranks Rehn, 31, No. 1 on a list of celeb endorsers shoppers find most repellent. “They’re nauseating, and it’s time for them to go away,” *Mediaweek* TV analyst Marc Berman tells *Us*. At least the couple have one bit of good news: The town of Vail, Colorado, has given them a \$300 iron manhole cover as a wedding present.
